COMPLETE LANDSCAPE SERVICES

We create outdoor spaces that say 'welcome home.'

**Our goal is
100% client
satisfaction.**

Since 2001, we've been providing landscaping services to homeowners across the Washington, DC metropolitan area. We are proud to say that we've been repeatedly recognized for safety, design, green practices, and for giving back to the community.

Our core principles are founded on trust, accountability, and a high standard of excellence. In other words, we'll take care of your property as though it were our own.

From day one, our goal has been 100% client satisfaction. It's very important to us that you are happy with our work.

The common patio area you designed and installed is beautiful. It adds real value to my home!

– V. Berg, Homeowner
City of Fairfax, VA

Landscape Design and Maintenance — we've got you covered.

*The first thing we do for each client is listen.
We want to know what's important to you.*

– Fred Peratt, President

We can help you create a beautiful yard — *and* help you keep it that way.

Landscape Consultation

Sometimes, homeowners don't quite know where to begin. So the first thing we'll do is sit down and figure out what's important to you.

Whether you need a master plan or specific advice on a few trouble spots, our designers have a deep expertise in creating attractive and functional outdoor spaces.

Landscape Maintenance

We'll pro-actively monitor your yard and keep it well-maintained. We'll also make recommendations about how to keep your landscape fresh and inviting all year round.

The bottom line is, you get to focus on enjoying your home while we take care of your property.

Seasonal flower displays, tree & shrub care, turf, pest control—we do it all.

A finely-tuned sprinkler system is more complicated than you think.

- System Installations
- Spring Start-ups
- System Maintenance
- System Repair
- Water Management
- Winterizations
- Drip Irrigation
- Backflow Prevention Device Inspection

We'll make sure your irrigation system is in top working order through every season—spring startups, summer inspections, and winterization.

Your sprinkler system — 'right as rain.'

Light up the night!

Outdoor Lighting for warmth — and safety

For a year-round glow that showcases your house, gardens, and trees, we offer a variety of ground lights, path and area lights, wall and step lights. Outdoor lighting is important for safety, too.

Use lighting for subtle effect, or create a celebratory atmosphere around your home. Either way, we can help.

The first thing we do is listen.

We are a different kind of landscaping company. We take pride in our work, and when you choose us, you'll take pride in your home.

Have you ever waited all day for a service provider to show up? That won't happen with us. We use a sophisticated, hi-tech communication system to keep you informed of when we will be on your premises, what work we are going to do, and what has already been completed.

Are you concerned about WHO is working on your property? We are, too. That's why our crews are well-trained, highly-motivated, and conscientious. (We've actually won awards for that.).

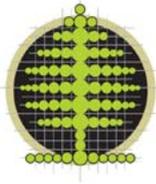

Have you ever hired a company that didn't do what they said they would? We've heard stories, but not about us. Our goal is 100% customer satisfaction, which means we're not happy until you are.
